

As a Clean-Up Ambassador,
I undertake to...

The golden rules of the Clean-Up Ambassador

- **Be** an everyday role model in my attitude towards litter: adopt responsible consumption, reuse and repair objects, reduce, recycle and compost my waste.
- **Educate** those around me about waste sorting and littering, and encourage them to follow my lead.
- **Pick up** litter in public spaces. It is forbidden to organise litter picking campaigns in private areas.
- **Ensure** my own safety and my team's by using the equipment provided by behaving responsibly.
- **Sort** my waste in the appropriate bag: Plastic packaging, Metal packaging and beverage Cartons in the blue bag. All other waste in the white bag.
- **Report** hazardous, chemical and heavy waste, as well as illegal dumping and bulky waste to my local authority.
- **Respect** the equipment provided in the Ambassador kit and use it only for Clean ups.
- **Register** my bag on wakeupcleanup.brussels so that my local authority and the Bruxelles-Propreté teams can organise its collection.
- **Follow** the Ambassador guidebook.
- **Share** my CLEAN UP actions in a positive way on social media.
