

The golden rules for becoming Clean-Up Ambassador with your organisation

In addition to the general charter that applies to all Clean-Up Ambassadors in the Brussels Region (see the [Ambassador Charter](#)), each organisation also promises to:

- Organise **at least three clean-ups per (school) year**.
- **Work together with the Bruxelles-Propreté awareness team** for the first action.
More information about this support can be found [here](#).
- **Schedule** each clean-up **at least two weeks before** the planned date on the platform so that the bags can be collected.
- **Enter the number of collected bags** after each clean-up via 'My account' on the platform.
- Use and store the clean-up equipment **with care**.
- **Encourage** all members—whether employees, students, volunteers, or participants—to **respect cleanliness and the environment**.

Thank you for committing to a cleaner city!
